Almost Blind

Scrofula Affects the Eyes-Little Boy Treated by an Oculist Without Relief - But Now He Is Well.

"When my little boy was three months old his eyes became very sore and he was almost blind. I took him to an oculist who treated him for six months, and left him as bad as he was at the beginning. Finally Hood's Sarsaparilla was recom mended and I began giving it to him. In less than three weeks he was able to go into the sun without covering his eyes, and today his eyes are perfectly well, and his ears and nose, which were badly affected, are also well. Hood's Sarsaparilla has certainly done wonders for my boy." MRS. JAMES H. PAINTER, Amador, California.

Pau Abi street, however, should be spelled different as it is a compound word, as it means "destroyed by fire" after the great fire of 1885 which devasted that portion of Honolulu. Pau Abi

street is not named after the much honored and respected Princes, and therefore scholars should pever connect her name with "Pau-Ahi" street in any manner
